WEDNESDAY MORNING, APRIL 8 1863

## The Election its Lesson

We learn that the vote was canvassed yesterday, and certificates only issued to those entitled to them Of course we are not disposed to grumble at the result, as if we did not like it, we cannot help it and as we do like some of it, we will not quarrel with the balance Some of the officers elect are as good as any, and some are of no account whatever, some are wise, and some are *other* wise, some are gentlemen of experience, others are not and one or two at least have so much experience, that they hardly know anything else and do not know that very usefully or practically. But such as they are—good, bad and border State—we have them for a year, and perhaps longer, if they successfully follow the patriotic and unselfish example of their predecessors, and manage to defeat an election at the expiration of their term of office

Just at this point, the lesson to be derived from the action of Monday, comes in Because the Council designedly sought to create disorganization and confusion, in which but for the precaution of the Recorder, they might have succeeded, a spirit of disorder was infused into the idle and disaffected minds of certain persons, who are never so happy as when they are making trouble, and the brilliant machinery of double polls was set in operation by them. What they expected to accomplish for their own advantage in this wonderful way, does not appear, nor is it of any consequence, it is known that a door was thus opened for double voting, for trifling with the highest duty and privilege of freemen, and for the admission of a flood of fraud and knavery. it is also well known who is responsible for this attempt to disturb the operation of the charter, and to cause disorder, we trust our citizens will take care that its movers and originators have no opportunity hereafter to be guilty of similar misconduct In this instance, the issue fortunately was one of no great importance, and little interest was felt, but if the course adopted may be followed in the future, who can say what motives and influences may not, in some important issue, contrive to make the polls the plaything of lawless and unprincipled political knaves and gamblers? What was a joke on Monday may on some other day, become a serious affair upon the purity of the ballot box A free people, jealous of the safeguards of its liberty, cannot be too anxious or too prompt in their efforts to resist the first beginnings of lawlessness and anarchy

This is the lesson of the election to which we ask the attention of our readers

DEATH OF JOSEPH L DEADY —The following account of the untimely death of Joseph Lawrence Deady is taken from a late number of the *Mountain Democrat*, published in El Dorado county, California Deceased was a brother of Hon M P Deady of this city

On Sunday, March 1st, F C Coffman without the slightest provocation, shot Joseph L. Deady at the Washington House in Diamond Springs, from the effect of which wound he died on Monday last. Mr Deady was highly esteemed wherever known, and loved in his immediate neighborhood, and Coffman's unprovoked and murderous assault upon him created intense excitement at the time — Deady was modest, brave and magnanimous and never did his magnanimity shine brighter than when he requested that his murderer should not be molested. He forgave him and wished his friends to follow his example — His funeral on Tuesday was largely attended and was deeply affecting and impressive

Mr. Joseph L Deady was born in Wheeling, Va, on the 12th of September, 1828, and had resided at Diamond Springs for eleven years.

THE DALLES CITY ELECTION took place on Monday, and the Democratic ticket was elected, with one or two trifling exceptions, though of course we do not include the astute editor of the *Mountaineer*, who was at the tail of the Logo Foco ticket, but alas! was beaten The stupidity of the people which permitted the defeat of such a patriot is marvelous Col Kelly, who in spite of his Democracy is a clever fellow, was elected Mayor

A REBEL EDITOR IN A FIX —The rebel *Banner*, published at Murfreesboro, Tenn, has the following.

One of our editors went out to the battle field on Wednesday in search of glory and items While following up the charge of Gen McCown's division, he met a body of prisoners moving to the rear and, intent upon an item at once struck up a conversation with them Unfortunately, he was arrayed in cerulean habiliments, and upon attempting to leave was ordered by the guard to remain where he was. With a smile of ineffable contempt he drew from his pocket a pass, but what was his chagrin when he was accosted with, I say my boy, none of us can read, but that trick is too old and I'll tell yer another thing yer damned blue bellied Yankee, if you try any more of them dodges I'll souse this thing in ter yer gizzard

Think of that, oh, ye tribe of brother quill drivers! The editor of this paper, the leading journal of the South, to be called a Yankee, and to be accredited with possessing an azure abdomen To add to his distress the prisoners with whom he had been conversing enjoying the joke, stated that he was one of their officers, and the result was expostulations which availed him nothing and our dignified editor was marched into the town square amid the curses of little boys and the jeers of nigger fellows

## Mining News

The following items are from the *Bulletin* of April 1st

MINING ON SNAKE —Some half a dozen miners came out Lewiston on Saturday last from the bars and banks of Snake river between here and the mouth of Salmon river They came after supplies and paid for their goods in a very beautiful dust and returned on Sunday They said they had quit and tended Bar Diggings as much as they wished and believed that a thousand would find employment equally as good We believe that Lewiston all the bars and on the Banks and that next season thousands will engage throughout the whole length of Snake river

NEWSPAPER ITEM —Mr Haskell of the firm of Haggard Benson & Co Express continues to make his weekly trips to Walla Walla City He reports the snow fast disappearing from the mountains and in a short time will present to the traveler the usual dreariness of the trail The miners are waiting for water the ditches are all finished or nearly so and as soon as it makes its appearance they intend to astonish the people by their success

BOISE NEWS —We have seen several parties during the week from Placerville and other parts of the Boise Mines It weather is warmer and the snow is gradually disappearing Prospects are encouraging and those that have claims are expecting to obtain large yields as a reward for their labor News has been received that Capt Steele and McKay had found a band of the thieving Snakes and killed 27 of them they discovered several mules that had been stolen from small parties as well as those taken from pack trains The result of the expedition was very gratifying to the miners

BANNOCK CITY MINES —These mines were alluded to by us some two or three weeks since and, as they seem to have elicited a great many enquiries we have hunted some quite interesting facts from Mr Le Roy who came in from there on Saturday last which we will give our readers Mr Le Roy came across the Plains last Fall with others and about 1,200 or 1 500 of the emigrants who stopped in that section of the country and himself among the number His was in September They have all remained ever since, and intend to make the Beaver Head Valley their home like the rest In Bannock City proper some 300 persons have wintered and in the immediate vicinity about 1 400 or 1 500 people can be found Nearly all the portion of the community have followed mining although considerable attention has been paid to agricultural pursuits The mines are easy of access and are worked with very little trouble Some of the claims are very rich and pay remarkably well say from $10 to $25 while the general average may be classed at $12 diggings The diggings are situated on the Jefferson and Beaver Head river near their source in the Rocky Mountains They are supposed to be very extensive Mullan s Fort Benton wagon road passed within 80 miles

BALD MOUNTAIN MINES —During the past week, several parties have left for these mines and others have left with the intention of prospecting further up Clearwater after gold Parties who have been in town to obtain supplies state that they are good average ten dollar mines, and they expect better results when the snow melts

TUESDAY March 31st —Thermometer rates at 70° and 74° this day

We clip the following from the Walla Walla *Statesman* of April 4th

GRAND RONDE RIVER MINES —Several men have been at work mining on the Grand Ronde river all winter. We are informed that a party of three men have taken out fifteen hundred dollars on that river during the winter These mines are located some thirty or forty miles above the town of La Grande

NEW DISCOVERIES NEAR BOISE —Mr Roberts writes us from Auburn that new gold discoveries have recently been made to the south east of the Boise mines, which were at first exciting considerable attention

MELTING —The snow in the Blue mountains is melting rapidly and the roads across them in consequence are in a very bad condition

A municipal election was to have been held on Tuesday

FINE NAMES —The country has been recently favored with another Conservative demonstration There was a Senator to be elected in Pennsylvania The "Conservatives" had one majority upon joint ballot There were doubts as to the result, so Mr M Mullen an eminent Conservative' who is to Philadelphia what our own Rynders is to us, headed a thousand other Conservatives of the same kind, and went to Harrisburg That the peace of that capital was endangered that the Legislature sat in practical duress and that a Pennsylvania Senator was elected under the menace of a mob, no sensible man will deny In like manner the rowdies of Tammany Hall and the Five Points prevented the organization of the New York Assembly last week

It was a truly 'Conservative' proceeding It was strictly in accordance with "Conservative" principles Two years ago last Autumn Mr Yancey, who was then a most distinguished 'Conservative' although his views are entirely unchanged, came to New York and made a speech and told us that if we persisted in voting as we chose and constitutionally electing a President, he and his friends would dissolve the Union That was 'National and 'Conservative' speech making at that time The thing is always the same whatever you call it It is a principle at war with law, with order, with human rights and with constitutional guarantees It was so then it is so now And when well meaning but deluded men observe that all disturbance of public order and outrage of law all pandering to the basest prejudice and denial of generous principle is made by the most unscrupulous politicians and the most disreputable men who call themselves Conservatives he will gradually won ler whether that word correctly describes that kind of thing and person. For some time in Paris at a certain *cafe* the most popular dish was hare curiously stewed The demand was immense Every body was eating and praising the unusual delicacy It was so exquisite so delicate so nutritious Suddenly one of the patrons conceived a horrible suspicion He pursued—he discovered—and cried out to the gendarmerie company It is cat! Hare cat! Let us have our money back demand from that day —*Hopes Weekly*

DEFENCES OF CHARLESTON —A letter from the blockading squadron off Charleston recently received in Boston says that from observations with powerful glasses and the statements of deserters it is evident that Charleston is strongly fortified There is no doubt that Fort Sumter as well as Fort Sumter is armed, and that the rebels have a considerable number of very powerful guns in position Still, if no accident happens to our ironclads (and a number will be kept in reserve for emergencies) the Admiral in command Dupont is confident that he shall be able to capture the city The land troops at Charleston consist mainly of conscripts who would not probably make a very stout resistance to our march onward, in case the city should be captured

## NEW TO-DAY.

### U. S. INCOME TAX.

THE LAW CONTEMPLATES THAT EVERY ONE shall pay on all nett profits (less $600) derived from any source whatever A person is allowed to deduct all legally assessed National, State and County Taxes, hired help Rents Drayage &c necessary to carry on his business but no farmer merchant mechanic or any person, has a right to deduct his own labor as so much expense from his income.

The Income Tax is to be paid on the income of the year commencing January 1st, 1862, so that on the evening of December 31st, 1862, everybody should make up a record of their income gains or profits for that year And as many sources of income, such as Dividends and Railroad Bonds and Stocks Insurance Stock, Savings Banks interest, &c (they having already paid the income tax) are not again taxed It therefore becomes necessary to have a clear record of the sources of income that there may be no dispute with the Assessor

All corporations must deduct the three per centum before declaring their dividends

**For Example:**
A man in business must make up the nett profits of his business for the year, and pay the tax on the amount less $600

A man may outside of his business, spend all and even more than his profits in the business, never before he must pay tax on all nett business profits except the $600 And so with a salary all over $600 must be taxed, though personal or family expenses consume it all

The Income Tax for the year 1862 is assessable on the first day of May 1863, and is due and payable on or before the 30th June 1863 And any sums due and unpaid for thirty days after the 30th June, as aforesaid, and for ten days after demand by the Collector five per centum will be added to the amount unpaid

Each individual of any firm or partnership must make up his income separately

PAY.—We cheerfully publish the letter of Major Winsmith in regard to the pay made on Monday by us concerning the payment of troops. Our informant must have been mistaken, though we certainly supposed that he was fully authorized to give information on the subject. We trust that no harm is done, and are very sorry that the soldiers will be compelled to take their trifling pay entirely in paper currency.

PAYMASTER'S OFFICE,
PORTLAND, April 6, 1863

The paper of this morning's issue, [illegible] sent in regard to the money, and received recently received by me for the payment of the troops in this District. The statement made by you from *reliable sources*, I regret to say, is not correct. The largest sum of money received by me by last mail was entirely in paper money, and sufficient to pay all the troops in this District in full to the 1st March, 1863, which is rapidly being done. Respectfully yours,

THOS. M WINSTON,
Paymaster, U S A

Probate Court.—The County Commissioners' Court met on Monday and adjourned session till this morning at 10 o'clock. All persons having any business before the Court, will have an opportunity to be heard.

SCHOOL DIST.—O. Risley was elected Clerk of School District No. 1, at the meeting on Monday last.

POST OFFICE BILL.—The editorial correspondent of the *Bulletin* writes to that paper as follows from Washington, under date of the 24th:

The Post Office bill has concurred with the Senate in the House Collector's Postal Reform bill with slight amendments. The sections providing for the appointment of postmasters by the Secretary of the Interior, and the establishment of commissions, were stricken out. The representations of Mr. Colfax [illegible] insisted on the point in his communication to the Committee of Ways and Means, by providing certain rates of postage, had unwittingly abolished the franking privilege. The House was swift to correct this error. An amendment was, accordingly made, limiting the franking privilege. It is taken away from postmasters who are receiving less than $200 a year, but not in official positions and from officers living on official business are hereafter required to pay the postage of all their mail matter, except those to members of Congress. The provision will, it is thought, greatly diminish the correspondence of the President and ministers.

No clause which required money letters to be registered at a cost of 20 cents postage has been taken out. The bill as it passed the House authorizes the Postmaster-General to reduce the present charge (5 cents) on the registration of letters, should the receipts from registration of letters, should be sufficient. Magazines transmitted by mail require postage to be prepaid. The postage on weekly newspapers is changed from 1½ cents per quarter, if delivered within the county where printed, and 6½ cents if delivered in any other State, to a uniform rate of 5 cents per quarter. The free delivery of letters by carriers in cities and villages is provided for. To cover the expense of free delivery of letters, or those delivered from offices at which they are not mailed, are to be three cents in those places where the free delivery system is established. Otherwise letters are charged only one cent.

"You won't Do, Sir."—A Chaplain on board of the Cumberland, gives this interesting anecdote of Gen. Rosecrans:

"One day, while we were stationed as guard on Mud, Gen. Rosecrans came up to Col [illegible], commanding the brigade, and said to Col. Price, commanding the 23d [illegible]:

"Will you hold this ford?"

"Well, Colonel, will you hold this ford?"

"Yes, General, I will if I can."

"That won't do, sir," said Rosecrans "Will you hold this ford?"

"I will in the attempt," responded the Colonel.

"That won't do, sir. *Will you hold this ford?*"

"Well," said the Colonel, firmly, and General Rosecrans rode off without another word, and the Colonel to fulfill his promise.—*Spring [illegible]*.

Hastings & Co., the great Cloth House of Luck House, corner of Sutter and [illegible] streets, San Francisco, are a [illegible] of everything in their line in the [illegible]. Their store is the handsomest in [illegible]sco, and their goods are superior [illegible]ported. They have outstripped everybody in the clothing line, that's certain.

## The Loyal Democrat.

[The author of the following is unknown to us but of all the verse yet inspired by the civil war in America we think it best ]

Mount not to me your Union rant
Your glaive mine oaths will I vow not
Will strain to all its day in freedom's van
He only is my Union man
Who true to Slavery and its rights
He is my loyal Democrat

With whips and tariff chains to bring
Wealth vote to make or fingers sting
When rebel iron in those faces
Must we with bayonet and steel stand round
If Democrats cannot put that
God help me I mind no Democrat

Thank Heaven there are drawn this hour
Twixt mighty right and deep power
Who see with pride such sight as they
Bears Tyrant of upright up his brow
Who shrink that foul strike his part
Hath Slave's caper to his heart

In vain for Equal Rights appeals
Who fawn like dogs at Slavery's heels
Beg liberal crumbs such sin to pardon
And cadge for rights as laws for whites
Th claim it strength I abuse it
Reach and grasp each child of Toil

O No there manful will on will ye learn
Tis Labor that these tyrants scorn
To not the libel on his toil
But every poor man's tool worn and soil
And ye who serve them knowing this
Deserve the slaveish fate ye kiss

While Northern blood remembrance craves
From fifty thousand Southern graves
Shall freedom's light—I tell thee all the turf—
Lie always crushed by traitor's serf
And pilgrims at those graves see reads
By Slavery's hounds be driven away?

The grass in the church yard waves
The good corn grows on battle graves
But O from every such sod shall
On Shiloh's plain on Roanoke's sands
What crops what harvest shall be grown
On Shiloh's plain on Roanoke's sands
What fruits shall spring from blood, O God

Spring time is gone The past now sleeps—
It's present moves—the Future reaps
Who plants good seeds in Freedom's span
He only is my Union man
Who treads the weeds on Slavery's flat
He is my Loyal Democrat

UNION LEAGUES.—The formation of Union Leagues"—a movement which originated in Philadelphia—is evidently destined to extend throughout the loyal States Branches have been organized in the city of New York and Newark New Jersey The object of this movement is to concentrate the energies of all unconditional Union men for the efficient support of the Government and the encouragement of our armies in the field Speaking of the organization in Newark the New York *Evening Post* of February 25th says

The League proposes to have frequent public addresses on the work and duty of the hour, to circulate loyal papers and documents among the New Jersey regiments in the field and generally to encourage by all means possible, the efforts of the Government for the suppression of treason It is designed, also to extend the organization throughout the State, and it is probable that the Union members of the Legislature, before that body adjourns, will give to the movement their formal sanction, and take measures to accelerate its progress

DRINKING IMPURE WATER.—Set a pitcher of the water in a room, inhabited, and in a few hours it will have absorbed from the room nearly all the respired and perspired gases of the room the air of which will have become purer, but the water utterly filthy. This depends on the fact that the water has the faculty of condensing, and thereby absorbing all the gases, which it does without increasing its own bulk The colder water is, the greater is its capacity to contain these gases At ordinary temperature a pint of water will contain a pint of carbonic acid gas and several pints of ammonia This capacity is nearly doubled by reducing the temperature to that of ice. Hence water kept in the room awhile is always unfit for use, and should be often renewed whether it has become warm or not. And for this same reason the water in a pump stock should all be pumped out in the morning before any is used That which has stood in the pitcher over night is not fit for coffee water in the morning. Impure water is more injurious to the health than impure air, and every person should provide the means of obtaining fresh pure water for all domestic uses

Mr. M , of Moline Illinois has been a kind of preacher for several years He at length got the notion that it was wrong to make any preparation for his sermon believing that his duty required that he should trust to the inspiration of the moment On Sunday, when he was to preach at Moline, he walked into the pulpit and opened the table as was his custom. He happened to open at the first chapter of Matthew, and began to read the second verse as follows "Abraham forgot Isaac, and Isaac forgot Jacob and Jacob forgot Judas and his brethren" The old man seemed somewhat puzzled to find any application for the scripture, but at length started ahead "My friends," said he 'this passage of scripture is meant to teach us the shortness of human memory and it does seem to me that them old patriarchs was mighty forgetful"

DECIDING A CASE.—A farmer went to the house of a lawyer to consult him professionally. "Is squire to hum?" he inquired of the lawyer's wife He was answered negatively. After a moment's hesitation, a thought relieved him Mebby yerself can giv me information's well's the squire, as ye're his wife." The kind lady promised to do so if she found it in her power, and the other proceeded as follows 'Spoze ye was an old white mear, and I should borry ye to gwang to mill with a grist on yer back and we should git no further than Stain Hill when all at once ye should kick up, and rear up, and pitch up, and kneel down backwards, and break yer darned old neck who'd pay for ye? Not I—I'd see ye' damned fust The lady smilingly told him as she closed the door that as he had himself settled the question, advice would be superfluous

The *Courrier des Etats Unis* relates an anecdote by way of nature upon the *coiffures* that prevail at the present day One of the *enfants terrible* that utter so many profound sayings in the midst of so much nonsense, was busy sprinkling the head of his little sister, a baby of three years, with earth, which afterwards he piled up in an artistic manner All at once his mother appeared What are you about, little scamp! putting earth on your little sister's head? Yes mamma I am going to make a little garden under her hat, like yours"

Some of our black volunteers belonging to the South Carolina regiment have audaciously whipped a body of rebel cavalry This is a turning of the tables completely over Black men whipping white men! Where's the Constitution, and what's the use of a free country in which such things are tolerated and even approved? The democrats can't bear such doings much longer We must have the Union as it was in which the whipping was all done by the chivalry on black backs

## Hoofland's German Bitters!

Are not a new and untried article, but have stood the test of fifteen years trial by the American public and their ... and are not rivalled by any similar preparation

The proprietors have thousands of letters from the most eminent

CLERGYMEN LAWYERS, PHYSICIANS and CITIZENS,

Testifying of their own personal knowledge to the beneficial effects and medical virtues of these Bitters

Do you want something to strengthen you?
Do you want a good appetite?
Do you want to build up your constitution?
Do you want to feel well?
Do you want to get rid of nervousness?
Do you want energy?
Do you want to sleep well?
Do you want a brisk and vigorous feeling?

If so use HOOFLAND'S GERMAN BITTERS.

*From Rev J Newton Brown D D Editor of the Encyclopedias of Religious Knowledge*

Although not disposed to favor or recommend Patent Medicines in general (through distrust of their ingredients and effects) yet know of no sufficient reason why a fund may not testify to the benefits he believes himself to have received from any simple preparation in which the public has confidence for the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters prepared by Dr C M Jackson, of this city, because I was prejudiced against them for many years under the impression that they were chiefly an alcoholic mixture I am indebted to my friend Robert Shoemaker, Esq for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long continued debility The use of three bottles of these Bitters, at the beginning of the present year was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining It, therefore thank God and my friend for directing me to the use of them

J NEWTON BROWN

PHILADELPHIA, June 23, 1861

**PARTICULAR NOTICE.**

*There are many preparations sold under the name of Bitters put up in pint bottles compounded of the cheapest whiskey or common rum costing from 20 to 40 cents per gallon the taste disguised by Anise or Coriander Seed*

*This class of Bitters has caused and will continue to cause so long as they can be sold, hundreds to die the death of the drunkard By their use the system is kept continually under the influence of Alcoholic Stimulants of the worst kind The desire for Liquor is created and kept up and the result of it is all the horrors attendant upon a drunkard's life and death*

*For those who desire and will have a Liquor Bitters or publish the following receipt. Get One Bottle Hoofland's German Bitters and mix with Three Quarts of Good Brandy or Whiskey, and the result will be a preparation that will far excel in medical virtues and true excellence any of the numerous Liquor Bitters in the market and will cost much less. You will have all the virtues of Hoofland's Bitters in connection with a good article of Liquor at a much less price, than those inferior goods now will cost you $5*

## ATTENTION, SOLDIERS!

**AND THE FRIENDS OF SOLDIERS!**

We call the attention of all having relations or friends in the army to the fact that HOOFLAND'S German Bitters will cure nine tenths of the diseases induced by exposures and privations incident to camp life In the late, published almost daily in the newspapers on the arrival of the sick it will be noticed that a very large proportion are suffering from debility, Every case of that kind can be readily cured by Hoofland's German Bitters Diseases resulting from disorders of the digestive organs are speedily relieved We have no hesitation in stating that, if these Bitters were freely used on our soldiers hundreds of lives might be saved that otherwise will be lost

We call particular attention to the following remarkable and well authenticated cure of one of the noblest heroes whom life to use his own language has been saved by the Bitters:

PHILADELPHIA August 23 1862

*Messrs. Jones & Evans*—Well gentlemen, your Hoofland's German Bitters has saved my life There is no mistake in this as I was vouched for by numbers of my comrades some of whose names are appended, and who were fully aware of all the circumstances of my case, and have been for the last four years, a member of Sherman's celebrated battery and under the immediate command of Captain R B Ayres Through the exposure attendant upon my arduous duties I was attacked in November last with inflammation of the lungs, and was for seventy two days in the hospital This was followed by great debility, heightened by an attack of dysentery I was then removed from the White House and sent to this city on board the hospital steamer *State of Maine* from which I landed on the 28th of June. Since that time I have been about as low as one could be and still retain a spark of vitality For a week or more I was scarcely able to swallow anything, and I did force a morsel down it was immediately thrown up

I could not even keep a glass of water on my stomach Life could not last under these circumstances and accordingly the physician in charge had been working faithfully, though unsuccessfully to rescue me from the grasp of the dreaded Archer finally told me they could do no more for me and advised me to see a clergyman and to make such disposition of my limited funds as best suited me An intimate friend of mine at the hospital Mr Frederick Brendlin of No 1 ... Arch Street advised me as a last resort to try Hoofland's German Bitters and kindly procured me a bottle I had no faith in the remedy, having tried a great variety of them, all of which proved worthless, but as I had got so low as to be unable to help myself in any way, I concluded to try the Bitters, and before I had taken half the bottle I felt that I was getting better, and I am now able to be around and feel sanguine that by persisting in the use of the Bitters I will entirely regain my health, for which I have been looking for eighteen months for Hoofland's German Bitters from the bottom of my heart, and would recommend every sick soldier to try them, feeling confident that they will prove to him the same inestimable blessing they have to me

Yours truly, JOHN CUDDEBACK

I fully concur in the truth of the above statement as I witnessed the most of it, and would recommend every sick soldier to try Hoofland's German Bitters
